Preface

Welcome to the New Mexico New Active Lease Website. This website is your resource for all New Active Lease details. The remainder of this document will cover how to use this website to access the information you need.

Introduction

The New Mexico Taxation and Revenue Department is pleased to present our updated Online New Active Lease web application. Our main objective is to keep searches for information pertinent, useful, and easy to find.

Enhancements

1. Code converted from old vb code to current coding practices (several versions ahead) in ASP.NET 4.0/C#
2. Cleaner User Interface and navigation.
3. Sorting and paging functionality, opens reports in new windows so current search results remain intact while viewing reports. 4 different report output options available.
4. Enhanced security and error checking

Search

County, Lease Type, and Output Type all have default values.

***Note:** When searching large areas, example “ALL” this may return a record set which may be too large to download. Record sets that are over 10,000 records will throw an error message. In this case, you will need to contact ONGARD service center to get the record set. Also, when returning large record sets, it can take from 2-4 minutes to return results in the browser.

Search by County

Selecting a specific county and lease type returns a small, defined data set.
