Using Reports

This website allows you to access ONGARD Application and Web Report links. Access to some reports is controlled.

Select a report from the report tree to access the report. Application links will open in a new window. Some applications require additional access credentials.

Search for a Report Results

Results to application and to links will be shown with a report id and description. Click the name of the report to open the link.

Use the" Close Results" link on the top right to hide the results from the search and show the search dialog again.

3

Report Output Options

Report links allow you to run the report online and export the results to the screen, and Excel file, a PDF or as raw data (csv) file.
