Preface

Welcome to the New Mexico Oil and Gas Open Acreage Website. This website is your resource for all Oil and Gas Open Acreage details. The remainder of this document will cover how to use this website to access the information you need.

Introduction

The New Mexico Taxation and Revenue Department is pleased to present our updated Online Oil and Gas Open Acreage web application. Our main objective is to keep searches for information pertinent, useful, and easy to find.

Enhancements

1. Code converted from old vb code to current coding practices (several versions ahead) in ASP.NET 4.0/C#
2. Cleaner User Interface and navigation.
3. Sorting and paging functionality and enhanced security and error checking
4. Reports available in browser, or downloaded as Excel, Word, or PDF file.

Getting Started

The opening page contains instructions, contact information, resources and a navigation menu to the left.

***Note:** When searching large areas, example “01N-32N” this may return a record set which may be too large to download. Record sets that are over 10,000 records will throw an error message. In this case, you will need to contact ONGARD service center to get the record set. Also, when returning large record sets, it can take from 2-4 minutes to return results in the browser.

To download the results in PDF, Excel, or Word format, select the Output Type and click “Search.”
